Motivation:

I work at the European Commission on entrepreneurial learning and supporting women and girls to study and take up careers in entrepreneurship, science, and technology. I am also a Commission-certified internal coach and participatory leadership facilitator: I organize workshops, coaching sessions and I teach an EU-Learn course on "Being an authentic leader in work and life" (with another fellow coach).

During my two mandates on the APEEE Board, I used my coaching, facilitation, leadership, and entrepreneurial competences to facilitate 'town hall' meetings between parents and the school management, an APEEE team building, as well as various conversations on community-building. I also organized two Working Groups on gender issues and well-being where, together with the Assistant Deputy Directors, school psychologists and Pupils Committee, we designed and implemented actions to support pupils in Nursery, Primary and Secondary. Some examples of my work are the workshops on leadership, values, confidence-building, and role-models that I led for Secondary students; I am now preparing workshops on well-being and entrepreneurship for all cycles.

If I am re-elected, I plan to continue my passionate endeavor towards creating a school environment where children, parents and educators are well and flourish.
