

# *Somerfestò*

## *Science Festival*

Dear Students and Parents,

The School Management and the Secondary Science Teaching Team, in collaboration with the APEEE, warmly invite you to our **Science Festival** on **Saturday May 6<sup>th</sup> 2023** on the occasion of **SomerFesto**, from 12:30 to 15:00.

There will be **demonstrations** suitable for all ages in the Science Building.

A **competition** will be held, with prizes from the world of science, gift of the APEEE Community Fund. On entry to the B building, you will receive a questionnaire. When completed, you can place your questionnaire in the box provided at the entry. The winners will be announced and prizes awarded at 16:00 under the canteen. The rules and the list of prizes of the festival can be found on the reverse of this letter.

We look forward to seeing many of you at this event 😊

Mr Panichelli

Science Teacher

Science Festival Coordinator

## Science Festival Rules

**For safety reasons it is vital that you respect the following:**

- Normal school rules apply
- Access to rooms and floors not in use is prohibited
- Use of the lift is prohibited
- Walk calmly in the corridors without pushing
- When entering a laboratory, respect safety warnings given
- Do not touch the equipment
- Respect instructions given by demonstrators (teachers and students) and by security personnel
- Do not interrupt a demonstrator who is performing an experiment
- It is forbidden to eat or drink in the building
- At the conclusion of a demonstration, kindly move on in order to allow others access
- Photos and video are permitted for personal use but not for publication (Belgian law of 30 June 1994 on authors' rights, article 10)
- Non-compliance with these rules will result in exclusion from the building and the competition, and will result in disciplinary action
- If a winner is absent from the prize-giving ceremony, the prize will be forfeit
