P4 and S4

Section: BG DE EN ET **FR** IT NL RO

Motivation:

After being an active member in the APEEE's Digital Competencies Work Group for almost a year and now understanding better how the APEEE and its Board are functioning, I believe I can bring a better contribution to the APEEE as a Board member.

In this new role, I would like to work on and contribute to:

1) Review, improve and help implementing the Digital Competencies framework in our school, not only for the Secondary pupils, but also for the Primary ones.

Today it is of utmost importance that our children acquire the necessary digital skills and knowledge, as soon as possible and properly embedded in their curricula, not only for using them but also to help keeping them safe in this digitalized, online and virtualized world.

2) Improve and modernize the IT tools the APEEE is using to manage its services and to communicate with the parents it serves.

3) Help implementing new communication channels between the parents of our school and with the APEEE (e.g. a discussion forum, survey tools for the APEEE to consult the parents on important topics etc).

My skills and experience as IT Project manager would be very helpful for working on the above objectives. So, I hope that my candidacy will retain your attention and I am looking forward to be given the opportunity to become an APEEE Board member and thus better support our school community.
