Motivation:

In the last two years I have been member of the Apeee Board, member of the PED team, I am one of Laeken's representative at Inter Parents (I am member of the Board and head of

the BAC WG) and I am also Parents' representative for Mobility Programme.

Having lived since small age in different countries and having had experience with many different school system (Italian, French, British, European) before as a student and lately as a parent, I am naturally "tuned" with the ES vision and mission.

I have also lived in many different countries (Italy, France, The Nederland, Syria, Bulgaria, UK, Belgium) and I have acquired good intercultural communications skills, a skill that is quite useful in the ES environment.

In all schools my children have attended around Europe, I have been class representative and in two of them (one in London, English school system; one in Rome, French Lycée) I have been Board Member dealing with the head of school management and actively participating to all institutional meeting (school level and national level).

Professionally, I have been for many years a free lance consultant in Management Training on Soft Skills and Lean Processes for different Multinational Companies in Italy, France, UK. For family reasons I have stopped working since few years now and I am -for this reason- able to devote time and energy to the APEEE.

I would like to renew my candidature for the APEEE's Board, with the same responsibilities as present, hoping to continue to contribute to this very interesting and challenging organisation.
